A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

What is good health worth

to you?

HEALTH is priceless. You wouldn't knowingly part with it for anything in the world.

Why then do you risk it needlessly for the sake of a few cups of tea or coffee?

Tea and coffee contain Caffeine, a drug which fren interferes with nerves and digestion.

There's an easy, pleasant way to avoid this menace to health, without any sacrifice to comfort or satisfac-tion. Drink Instant Postum instead of tea or coffee.

Instart Postum is a pure, wholesome and delicious beverage made from choice wheat. It is most con-venient and economical too. Just a level teaspoonful to each cup, add boiling water and stir thoroughly. Then add-cream and sugar to taste.

Things Might Be Worse

Yes, Times Might Easily Be a Little Bit Worse

Yesterday the news columns carried the story of three farmers who have returned to Sastiaghewan arter looking over the land offered them in Mexico, convinced that this province is the place for them. The point of the story is that there are worse places in which to live tight fits ame province of Saskatchewan. One would be foolish to deny that Libnay have not been going as awinmingly in many ways during the last few years as might be designed, but that is not rrief for the milk® of the pessimist. Where, outside, of Saskatchewan, are things going any better?—Regina Leader.

The famous tives tengeneat district
of Glasgow, which has-long had the
regutation of being-the most squalit
in the weid, is-to be entirely wheel
out. As the handlings were in dayger, of collapse, the city authorities
ordered the tenants to vacater and
have approval plans to have the
slum houses torn down. The disrict with not be rebuilt, but new
municipally owned-houses are being erected in the nuburba to care for
the hindreds of homeless of the prorcer chigaes.

WINTER HARD ON BABY

The winter season is a hard one on the haby. He is more or less confired to sturry, badly wentlihated rooms: It is no otten stormy that the mother of constant is no otten stormy that the mother of code which rack his little 155 ten; his violanch and bowels red out of order and he becomes peevish and cross-for guard, against this the mother of should keep a box of Elaby's Our Tabustoniach and bowels and break up coulds. They are sold by medicine dealers or by mall at 25 cents a box from The Pr. Williams. Medicine Co., Brockville, Om.

ment plan. You must pay for what part of it you take.

Miller's Worm Powders not only ex-terminate intestinal and other worms, but they are a remedy for many other alments of culidren. They strength-es the young solonact seather Billous-ness and are tonical in their effects aspectife. It feverals conditions they will be found useful and they will serve to alsay pais and criping in the stomach, from which children so orten suffer.

In Petrograd, Russia, the inhabit-nate numbered 2,420,000, according to the census of 1917. Three years lat-gr there were only 705,000, including refugees and homeless. This is one yesult of Bolshevik rule.

Children Cry for Fletcher's

Pletcher's Casteria is strictly a remedy for Infants and Children. Foods are specialty prepared for bables. A baby's medicine is even more casential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common allments of Infants and Children that brought Casteria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Cartor Oil, Pareguric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its egg is its guarantee. For more than thirty years it has been in constant use for the rolled for Constipation, Flatulency, Wind Colle and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stonach and Bowels, alids the assimilation of Feed, giving healthy and natural sleep. The Childran's Confort—The Mother's Friend.

NEW SOCIETY TO ORGANIZE

The Corporation of The Town of Blairmore BLAIRMORE, ALBERTA

Auditor's Report

Revenue and Expenditure Accounts for Year Ended, and Balance Sheets and Statement of Debenture Debt as at 31st December, 1922.

To outstanding taxes are climbing steadily and I would recommend that a special effort-be made to get after the delinquents.

The Electric Light Department shows a little improvement for 1922. The expense of this Department was high and its accounted for by the heavy expense por pole line renewals, which are charged to operating the property of the waterworks Department shows a deficit, but this is accumied for by the expense of pipe line renewals and The outstanding accounts in both Water and Electric Light Departments are very high and as there is considerable of this uncollectable, I would recommend that you set up Bad Debt Reserve accounts to take care of Bad and Doubtful Debts.

The Electric Light deposit is now only \$2.00 and as this is very small, I would recommend that same her raised to \$5.00, no as to protect the Corporation gainst closses. I would also recommend that the minimum rate for Electric Light service be raised from 75c to \$1.00. It would also recommend that minimum rate for Electric Light service be raised from 75c to \$1.00. City Clerk income that it would recommend that the minimum rate for Electric Light service be raised from 75c to \$1.00. The City Clerk income that the minimum rate for Electric Light service be raised from 75c to \$1.00. The City Clerk income that it would be a completely and the companies of the Suppless counts. for the "Review," we wish our many readers in many lands besides Canada, a Very Happy and Prosper ous New Year, and promise that the best efforts of our staff will be put forward towards the desirable plea of making 1923 the best year yet."

TELEPHONE CONSTRUCTION

About 1500 miles of telephone undertaken during the coming seas hand for this work, and there is ar amount of nearly \$800,000 remaining from last years' appropriation with which to carry out the vork. Hence it will be unnecessary for the legisla-ture to vote any new money for this

MORE MEN THAN WOMEN HAVE APPENDICITIS

LUCKY BOCKY MOUNTAIN CONSTITUENCY

racks at Blairmore, costing \$30,000 or \$40,000 have been recently let. How the provincial government can justify this expenditure is not easily under-stood. The small sum of three or four thousand dollars for repairs and pro per accommodation for the Provincia Police at Macleod has been shelved ronce at macceon has been served, hat the government of Mr. Green-lied, which insists on the most rigid conjuny and retreachment, can spend this large sum in Rocky. Mountain onstituency for Provincial Police accommodation and continue to keep its sole representative at Macleod in the first thick control of the control

cystem and which must have been power to be an experiment of the Model's Christophers, labor member for that constituency. Evidently the loyalty of the Model's power to be relied on to stand a very large where the must of the power to be relied on to stand a very large delicate to the Crystal Right Co.

ANOTHER FORD EXTRA

to have been a mere phantasm."

If may become necessary for the press of Eastern Canada to re-open its gind on this question. The west will by no means accept ac correct the statements here quoted from the Otthwa Journal. To begin with, the Hudson's Bay road was never completed to Nelson; the steel stopped ninety miles short of there, athlough a radius was one all the way. Port nmety miles short of there, athough grading was done all the way. Port Churchill would probably have been a much better ferminal. The road-bed was graded to Nelson at a cost of \$14,000,000 and \$8,000,000 spent on terminals, and the work ended when \$4,000,000 would have completed the enterprise and placed it in operation.

enterprise and placed it in operation.

Can grain be taken out that way?

The contention of the west is that
during the latter part of August, all
September and early October the
straits are free of ice, and that this
period of the year is the precise time
when the grain of the west is lusting
to reach Eurone.

to reach Europe.

If grain can get out that way at that season of the year what advantage would this conter? The reply of the west is that Nelson or Churchill is nearer a large part of the western grain fields than is Fort William. And Nelson or Churchill is as near Liver-Nelson or Chirchill is as near Liver-pol as is Montreal. What the west-ern grain prowers see in this Hudson's Bay roste, if it is workable, is that in shipping their grain to Europe laey can cut down the long haul from Fort William to Montreal and place their farms as near tidewater as the farms of their competitors in Australia, Ar-gentine and Southern Russia.

gentine and Southern Russia.

Inn't It too splendid a possibility to be left untried, or shandomed when so hearly completed? If Nelson is the wrong terminal, why not shift to Churchill, which, it is said, was the proper objective from the first.

The west is growing fasistent about this enterprise and Eastern Canada must consider it seriously. Canada have the Montreel a large enough

tion from both the Bench and Bar, in London. High Court Judges recently severely censured a newspaper which, after a notorious trial, laterviewed some members of the jury and professed to have extracted from them their reasons for the verdict which they had given.

The Council of the General Bar has just passed a resolution affirming that it is contrary to the etiquette of the Bar for practicing barrieter to give an interview to the press concerning any imatter in which he has been engaged as counsel. This resolution follows the appearance of an article in a certain newspaper signed by one of the counsel which had appeared in a prominent murder trial. The barrister in question, however, declares that he was totally unwaver that his remarks question, however, declares that he was totally unaware that his remarks

was totally unaware that his remarks, should be published and certainly gave no authority for his name to appear in connection with them.

One society here which concerns itself with matters of general morality of the conducting a campaign against the saleged undue prominence given to like divorce reports in the appears and proposes to bring to the general notice of the Emiliah neonle how such mattern; ya sked receive scarcely any notice in the Can-adian press.

adian press.

Vancouver Busy Port

During 1925, 720 deep-sea ships enfered the harbor of Vancouvér, ascompared with 496 in 1921. The gross

fonnage for the year exceeded 4,100,000 tons, and the net will approximate
3,000,000 tons. In 1921 the gross fonnage entering the harbor was 2,246,559

and the net 1,853,844 tons. Increased

Russians Claimed Victory But Honor Belonged to French

The Battle of Borodino was one of the most sanguinary battles of modthe most sangularry outries of mod-era times. It was fought Sept. 7, 1812, between the French under Napoleon I. and the Russians under Kutusoff, about 260,000 men being en-gaged. The losses in killed and wounded were about 80,000, and were shared about equally between the contestants. Each side claimed the

contestants. Each side claimed the victory, but as the Russians retreated and left the road to Moscow open, the honor belongs to the French. The village of Brooflion, which gives its name to the battle, is 70 miles west of Moscow. It is situated on the River Moskwa, and the French accordingly call this conflict the battle of Moskwa.

SPORT NOTES

Tonight's the night! If Bellevue wins, they have the league cincher; and if Blairmore wins the honors of the Crow League will be theirs with-

Well, here's how! Have another?

The Lethbridge Vets have struck their stride. They beat Coleman on Coleman ice, thus accomplishing the fourth defeat in ten years to Coleman fourth defeat in ten years to Coleman on their home playground. Blair-more has done it twice, Bellevue once and Lethbridge once. And Blairmore will undoubtedly make it five when they meet next Tuesday night.

Blairmore Canadians. That's us.

Bellevue Cougars! That's they. Yes, Dec Barbour will be at to-night's game. Not in it though, as he's still sporting that extra pair of understandings. 'S too had too, we all have missed Doc this winter.

Society Note—Coleman Crysts vill receive the Blairmore Canadia on Tuesday evaning of next week.

BACE TRACK BETTING

ne Criminal Code passed in 1920, the supervision of race track betting, under the pari-mutuel system, was placed in the hands of the Minister of culture. The amended section in tion was put into operation for Aggiculture. The amended section in guestion was put into operation for the racing season of 1921, wal it was decided that betting could be most effectively augustized, if officers of the Royal Canadian Mounted Police were utilized for this purpose. The co-operation of the RCMP, was thereform accured and at all race meetings at which betting is permitted under the law, police officers were present to see that the provision of Section. 285 of the Criminal Code were carried out. Four parties of police, such consisting of four mea, were used, one-party oversing the Quabet tracks, ones those in Ontario, the third in the Proline Provinces and the fourth in British Columbia. In all, forty-sowes race meetings, covering 365 days of racing were supervised by the Department during 1921. Notwithstanding the fact that all the mea employed were new to the work, they performed their dates most efficiently and satisfactorily, and is most cases, received the active co-operation of the racing associations themselves.

TABER AGAIN VICTIMS

Silarmore came from beams at 1857 Taber last Pricay night and won in 283 grand style by 5 to 3. They were 500 two down in the first, tied the score. 500 in the second and in the last period 286 second three to Taber's one.

600 Reports state that the game was fast and Plean with the goalles doing glows some very spectacular work.

GUE

Taber secured a two goal lead in the first period on nice play and both teams were missing easy chances. The Blairmore boys put on a burst of speed though in the second frame and Mackie scored off a rebound and Pruden events the count when he got one unswelsted.

Pruden evened the count when he got-one unassisted.

It was in the last period that the local boys showed their 60-minute staying powers. Mackle socred unas-sisted and Rennicks banged in two more unassisted, while Taber only got yes more past Mutt. Connolly scored all the goals for Taber.

COLEMAN JUNIORS WIN

A game that was fast and clear and would do credit to many senior aggregations, between Coleman and Blairmore juniors here on Monday night, went to the former team by a core of 7 to 4.

Both teams displayed great hockey, the Coleman boys excelling in contin-at on and hook-checking. The local boys had just as much of the play, boys had just as much of the play, and were shooting three shots to one, but it was a case of too much goal keeper. The Coleman boys b. of right in on most of their shorts and in several cases were turned back by Davie Kemp, local goalle, single-handed, A good sized crowd turned out to witness the game.

"YOUR TEETH"

DO IT IN TIME

If the ordinary processes of nature were never interfered with it would not be necessary to extract the temporary teeth they would extract them selves at the proper time. Normally the roots are absorbed as, the time selves at the proper time. Normally the roots are absorbed as, the time comes for the cruption of the permanent teeth and the crown, or buildessend of the tools, is left-hanging to the game. Soffe day a little extra presence removes the baby footh and in its place there is the tip of the cum of the permanent tooth that follows. It this naturial aystems was always followed a great deal of trouble would be avoided. Unfortunately many causes operate to lateriere with natures perfect plan.

causes operate to interfere with na-ture's perfect plan.

If the permanent toolth does not come directly under the temporary tooth, the absorption of the root will either be incomplete or it will fail to absorb at all. Somettides long ally ers of the temporary tooth roots are left and when the crown comes off on an attempt is made to extract, these root places are left, to wedge in the root pleces are left to wedge in the process between the permanent test. This condition always results in the amount of the process of the process serious abscesses, and often interferes with the effort of the permanent tooth to take its proper place in the arch. Pleces of the roots of temporary testh should never be left in the mouth.

tegin anount never be rett in time mouth.

Temporary testit that are abscessed should always be removed, regardless of the sage of the child. When deserved the sage of the child. When deserved the sage of the child. When deserved the sage of the

Youth Is Only Hope

Judge Landis Says Hope for World is In the Hands of the Boys

Hope for the world is in the hands

In the Hands of the Boys
Hope for the world is in the hands
of the boys of today, Judge Kenesaw
Mountain Landig. High Commissioner
of Baseball, declared in an-dddreas beforce the Association of Commerce in I
Chicago.

"The fights we fathers have fought
are nothing to the fight our sons
must face." Landis said. "The world
is standing on its head; governments
are groping in the dark; nations are
gistinustrul, and there is no north
star to guide us. "It is for our sons
to find the north star, and I have confidence in their ambitions and faith in
the nurse."

Landis asserted that, the greatest
factor is the upbringing of boys was
compained that the father and
son. "There is hothing so pitting in
son. "There is hothing so pitting in
the world than the father and his
son who are not chums," the veteran
juriet said.

Corns cause much suffering, but loway's Corn Remover offers a speedy, sure and satisfactory relief.

Making a Sun-Dial For Newfoun

ade by Toronto Profess of One of Dr. Grenfell's Hospitals

For Use of One of Dr. Grenfell's Professor Louis B, Stewart, Professor Guerreitig and feeders' University of Grenfell's and feeders' University of Toronto, is working in his spare moment on a scientifically accurate saudial for the use of Dr. Grenfell's hospital in Newfoundhard. A sun-dial, in order to be of real service, must be constructed to sult the lattude in which it's to be used and must be placed on the true meridian. In 1994 Professor Stewart was one of a party who went to Newfoundhard to observe a lunar cellops, and found at that time the exact longitude and lattice of the party of the lobserve a lunar cellpse, and found at that time the exact longitude and latitude of that part of Newfoundand near which Dr. Grenfell has since located one of his hospitals. Hearing, from a university student, who was investigating water power in Newfoundand, this summer, that the people is charge of the hospital have no means of being star of the correct time, Professior Stewart undertook to make the sun-dial on which he is now working.
